

# Filtered Water Gets State Approval

## THE CAMERON HERALD

ESTABLISHED 1860

VOLUME NUMBER 97

CAMERON, MILAM COUNTY, TEXAS, THURSDAY September 20, 1956

NUMBER 25

### Tire Theft Ring Cracked; Indictment Follows Raid

A tire theft ring operating in Milam and adjoining counties was cracked this week by Sheriff Black and officers from Bryan, Houston, Snyder and Fort Worth. More than 100 tires in Milam and adjoining counties have been reported.

Locating a number of stolen tires in a local firm the officers were set on the trail of the tire thieves and one has since been indicted in Brazos County and another is held on theft charges in the Milam County Jail while still another is still at large.

Twenty-five tires out of 39 stolen at Lott, Twenty-four of 29 stolen at Rockdale and 15 stolen at Rosebud have been recovered with four more ready to be picked up.

Willie Miles is in county jail on charges of theft and Sam Stephens (both colored) is at large following the investigations by the Milam Sheriff and others.

Miles was picked up at Snyder after the Sheriff of that county

### Council Passes Budget With Five Pay Hikes

Cameron City Council adopted its budget Tuesday night eliminating the street sweeper and one night patrolman and used the money to pay three street department men and two sanitary department men \$40 per week and one sanitary department man \$35 per week. The salary of the City Judge was left at \$100 per month.

The Superintendent of Public Works, W. D. Bigbee was instructed to pick up the St. Anthony and public school garbage for the next two weeks and return a report of costs to the next meeting of the council so that such service may be given on a non profit or cost basis.

### Mrs. David Shapiro Elected President Of St. Anthony P.T.A.

Mrs. David Shapiro was made president of the St. Anthony's School Parent-Teachers organization which met at 8 p.m. in the Simon and George Memorial Hall on Wednesday, September 9.

Charles Burke was temporary chairman and he called the meeting to order with a prayer by the Rev. George Duda.

First Vice President for the ensuing year is Mrs. Charles Burke; Second Vice President E. O. Schiller, Jr.; Secretary, Mrs. E. L. Weid and Treasurer Anton Moraw.

Objectives of P.T.A. and the activities in which a P.T.A. Association usually engages were discussed.

The association will meet twice monthly on the first and third Tuesday. On the first Tuesday the mothers will meet after school with the teachers and on the third

### Civic Garden Club In Eighth Year Plans Work

The Civic Garden Club held its first meeting of the season Thursday morning in the recreation room of the First Christian church See Civic Garden - Back Page

called Sheriff Black and a meeting between the two Sheriffs and the accused in Fort Worth led to the recovery of many of the tires in possession of a Fort Worth Service Station operator.

John Williams, colored, a Cameron man who deals in junk has been indicted in Brazos County.

More extensive revelations in the tire ring are in the making says officials.

Eight tires are at the Milam County jail along with many others, waiting to be picked up by the owners, left unclaimed. Most of the tires are recaps with a sprinkling of new tires.

### Methodists Obtain Dr. Homer Fort; Noted Gospel Singer For Revival

Dr. Homer T. Fort

Dr. Homer T. Fort comes to the First Methodist Church in Cameron Sunday, September 23 to begin a revival preaching service with the noted Walter B. (Bill) Mann, tenor soloist and leader of gospel singing in charge of the music. Services begin daily for the week at 7 a.m. and at 7:30 p.m.

Dr. Fort is one of the great preachers of Methodism and has long been an influence in the policies and growth of that church. He has served the pulpits of the First Methodist Church in Paris and was in Beaumont in 1943 where he served for ten years. In 1955 he became District Superintendent of the Houston East District, a position which he now holds.

Rev. E. J. Davis, pastor of the

Walter B. (Bill) Mann

Cameron church invites all who wish to hear Dr. Fort to by all means avail themselves of the opportunity and be assured that a great blessing is in store for Cameron in both sermon and song. "Bill" Mann has been selected for four consecutive years as "America's Greatest Gospel Singer." He was Youth Director of the First Methodist Church, Baton Rouge Louisiana for three years and is now holding that position in the First Methodist Church in Houston.

### Choral Group To Serenade Buckholts Parents-Teachers

Buckholts Parents-Teachers will meet at the Gymnasium on Tuesday night September 25.

The Sixth, Seventh and Eighth Grade Choral groups will present three numbers: "God of Our Fathers," "America the Beautiful," and "Fair Lord Jesus." A trumpet trio composed of Carrol Wayne Glaser, Jeannette Fuchs and Carrol Gene Fuchs will present two numbers. The music will be under direction of Max McClaren, choral director.

Many Fans Well Paid For Following Their AAA "Underdog" Yoe Favorites

### Yoemen Spear Badgers For 26-7 Win In Pre-AAA Game

The Lampasas Badgers had no intention of losing two games in a row according to a telephone conversation between the superintendents of the two school systems reported Wiley Loughmiller at the Yoe High pep rally this week...but determination of the school officials or fans of Lampasas was not reckoned with when the Yoemen tore into the Badgers with everything in their football manual...passes, tricks, ground game, defense and not at all least SPIRIT.

The 26-7 victory of the Yoemen was a victory which might be an omen which bids well for the fortunes of the team in its first year of triple A football. The

many fans who followed the Yoemen to Lampasas were delighted if not surprised because of the complete changeover in the football picture for this year. A play by play of the game was prepared but due to shortage of space for news had to be left out.

### Mr. Tim Crawford Suffers Heart Attack In Austin

Mr. T. A. Crawford, 912 E. Gillis, and owner of Tim's Place In Santa Fe Town is seriously ill at St. Edward's Hospital, where Mrs. Crawford is a trained nurse, following a heart attack suffered while returning from a vacation trip to Corpus Christi.

Mr. Crawford was visiting his wife's parents, Mr. and Mrs. Henry Hoes in Austin when the attack came. He was brought overland to Cameron.

Relatives coming to Cameron to visit have been Woodrow Crawford of Corpus Christi, T. A. Crawford, of La Marque. Mrs. Bill Mueller of Dallas and Mrs. Nellie Arlich of Houston. Those who were able to remain in Cameron are Mrs. Norman Beaver of Dallas and Charles Crawford who is in the Navy. Mrs. Richard Norman of Dallas was unable to come.

Mrs. Grace Kohutek is keeping the place of business open until 12:30 each day, she reports.

Cameron Among Last Cities Over 5,000 With Unfiltered Water

### Chamber Told Courts May Force Sewage Treatment

The state board of health is extremely concerned with the correction of Cameron's sewage system said Joe J. Rady before a meeting of the Chamber of Commerce Board on Friday, September 14. The only alternative to voting for and installing a sewage treatment plant in Cameron left to the state board will be the seeking of a court order to force installation of a treatment plant in Cameron and, or the ordering of no more extensions to existing collection mains in the city until such a plant is installed.

Cameron meets all the qualifications for a one third grant from the federal government on its sewage system improvements the engineer said. The sewage is emptied into a state stream without previous treatment and this assistance has been applied for.

Sewering of unsewered sections

of the city has been provided for in the suggested bond issue at a cost to the city of approximately \$175,000. Besides the treatment plant an outfall main and pump station have been included in the improvements.

Cameron is one of the very few, if not the last remaining city in

Texas, over 5,000 population, with unfiltered water the engineer said. A filtration plant and a sewage treatment plant that will take care of the city for the life of the bonds and can be expanded for industry needs say a million gallons daily are provided for in the issue. The replacement of the 12

inch line with a 16 inch line is anticipated.

The engineer warned the Chamber Board members to "Get the sewer and improvement and extensions while the government will participate in the cost."

Henry Keller Jr. told of the extensive survey of Cameron meter books in the developing of financial plans for the city by his firm of investment counselors.

To put their conclusions briefly the 33 year bonds with a tax collateral could be paid off by revenue from an increase in the low existing rates by approximately twenty-five percent at an interest rate which would in all probability be lower than on revenue bonds. The "credit" of the city of Cameron would stand a one million dollar issue on tax bonds the financial agent said and with existing revenue bonds the city could not float enough more to do the job. The law will not permit payment of revenue bonds with tax money but the reverse is not only permitted but in the case of Cameron is the only feasible way.

At the board meeting, prior to reports of the engineer and financial agent, Lester Williams, chairman of the Heart of Texas Fair booth reported that his committee will be very busy preparing the display for Cameron in time for the opening of the fair on the 29th.

### Downtown Quarterbacks Skull Practice At Yoe Ag Building Every Monday Night

The Downtown Quarterback Club "hired" the District Attorney Bob Nelson to represent them as president of their organization this year.

Louis McKee, J.C. Penney executive will be advising counsel for the D.A. and C. J. Sutter will keep notes as the "Court reporter."

There were 44 members last year, the dues are \$2 for initiation and \$3 annually thereafter.

Aim of the club is "Moral Support In Any Way That A Business Man Can Aid The Football

Team." said the court reporter-secretary Sutter.

Besides the regular annual banquet at the close of the season which has been taken over by the club the president says that they have a little surprise in store for the fans and boys this week at the Brenham game. The men will wear ribbons which mark them as members of the Quarterback Club in the future, he said.

All men interested in the welfare of the team will meet each Monday at 7:30 p.m. at the Yoe High Agriculture Building.

### What About This Water Sewer Bond Issue Business?

Q. Who can vote?  
A. Only those qualified voters who have taxable property rendered in the City.

Q. Will taxes be increased if the bonds are approved?  
A. No. Even though tax bonds will be issued, revenues from water and sewer utilities will be pledged to pay the principal and interest on the bonds, thus classing them as general obligation bonds which usually require the least interest rates.

Q. Why vote bonds? Why not make the improvements out of current revenue?  
A. Growth of the city has exceeded its financial ability to make large improvements out of current revenue. "If we waited till we had cash to pay for a new car, a new house, etc., it would be a long long time before we drove a new car or owned our own home."

Q. If we vote for the bonds, is the city going to issue the full \$550,000 right away?  
A. The bonds will be issued as the projects are ready to be built and in such amounts as necessary to pay for such projects.

Q. Can the money from the sale of these bonds be used for any other municipal purpose?  
A. No. These bonds, when voted for a specific purpose can ONLY be used for water works improvements and sewer system.

Q. What are we going to get for the bonds we vote?  
A. \$375,000 improvements and extensions to water works, \$175,000 improvements and extensions to sewer system. The water improvements 1. Filtration plant. 2. 16 inch flow line from the river. 3. Additional intake pumps 4. Improvements to the dam. 5. Conversion of the old settling basin into a storage basin. 6. Fire main extensions into unprotected areas. The sewer system improvements will include: 1. Sewage treatment plant. 2. Collection mains and extension.

Q. What good is a filtration plant?  
A. A filtration plant is a modern method of purifying water which will provide a CONTINUOUS purity which will merit PUBLIC WATER SUPPLY APPROVED by the State Department of Public Health. Cameron one of the few remaining cities in Texas (over 5,000 population) without filtered water.

Q. How did we arrive at the cost of these projects?  
A. These projects are a part of an engineering study made by the Joe J. Rady engineering firm of Fort Worth. The engineering data provided for our present situation and allowed for the continued growth of the city.

Q. How did we arrive at the method of financing these projects?  
A. The services of Fiscal Agents, Henry Keller and Son, were engaged to make a study of our bonded indebtedness, our future bonding capacity and a study of the water rate structures. Consideration was given to the acceptability and probable interest rates on Cameron Municipal Bonds on the current market.

Q. Why were the improvements not made sooner?  
A. They could not be made out of current revenues.

Q. These improvements have been put off TOO LONG. The current demand for water and the inability of the water system to deliver it has made the needs only too obvious and we could wait NO LONGER.

Q. Will passage of the Bond Issue mean an increase in my water rates?  
A. Not for the small users on the \$1.25 minimum but for all others the total average increase will be about 25 percent after the bonds are sold.

Q. What was done with the money that was raised when the sewer rates went up from 25c to 75c a few years ago?  
A. Spent for sewer extensions. Increased demand for sewer service, the increased cost of labor and material prevented accumulation of an anticipated surplus.

### David Bryan Feed Salesman Of Cameron Hurt In Collision

A car-pick-up truck collision at Maysfield, in front of the John Thweatt Store at about 7:50 a.m. Friday, September 14 involved David Bryan, 47, driver of a 1952 Chevrolet and a 1953 International Pickup driven by Isaiah Pittman, colored, 22, of the Maysfield Community.

Bryan, a feed salesman, was driving West on U.S. Highway 190 and Pittman was going East reports State Highway Patrolman John Blansett when the truck driven by Pittman in attempting to make a turn met headon with the chevrolet on the left side of the road. Neither car was said to have been driving at more than a reasonable speed.

Bryan was hospitalized with a broken collar bone, knee and foot injuries and scratches and bruises. Pittman was only slightly injured.

Bryan was said to be resting well Tuesday.

### Preliminary Meet Touches Off New Yoe PTA Effort

Will you be an officer in P.T.A. is the first question on a sheet given out at the first meeting of ladies, about forty in all who met at the Yoe Auditorium last week, in a preliminary meeting to determine the interest in such an organization.

Mrs. Jack DuBois was elected temporary chairman by acclamation and Mrs. Martha Kahler, an elementary teacher was made temporary secretary.

Procedure calls for the appointment by the temporary chairman of a constitution and by-laws committee See Yoe PTA - Back Page

### O. J. Bulldogs Play Taylor Here Saturday

The O. J. Bulldogs play the Taylor Panthers Saturday night, September 22 at the Yoe High Stadium in the Bulldogs first game of the season.

This is a conference game coach Aycox said as he predicted a victory for the home team. Taylor has played Temple for a tie.

Student tickets for the game will be 35 cents and adults 75 cents.

Today's Text—Create in me a clean heart, O God; and renew a right spirit within me.

Psalm 51:10

Our kind Saviour, we would be honest about our sins that we may be cleansed within and our feet set on the right road from this moment on.—Amen.

## What To Do About The Teacher Shortage

Something CAN be done about the teacher shortage, says the Chamber of Commerce of the United States.

That something is very simple give teachers the respect, cooperation and recognition they deserve, but too rarely get.

Of Course, the Chamber says, there is no question that better pay is important too. More classrooms and smaller classes fit into the same picture.

But surveys show that, more than money, teachers want to feel they are honored in their communities and that their professional skill is recognized and valued.

Such respect, according to the national business organization, combined with parental cooperation, could be a major means of recruiting more teachers and holding those we have.

That is why the Chamber is urging business men and other civic leaders to organize teacher recognition awards. Candidates would be nominated by school faculties and judged by a committee of outstanding educators and business men.

In addition, the Chamber is encouraging business men to honor teachers in these ways:

Promote weekly radio or television programs paying special tribute to a school system, its teachers, staff and other personnel during Education Week.

Sponsor teacher recognition banquets honoring retired teachers and new teachers.

Give bus tours for teachers showing community's progress in business, cultural activities, government and recreation.

Organize orientation programs for new teachers at which community leaders discuss the city's history and socio-economic growth. The programs should supply teachers with information to help them understand the people and outlook of the community.

## FHA Expands Credit To Family Type Farmers To Improve And Operate

Recent changes in the laws governing Farmers Home Administration will enable the agency to serve the credit needs of a larger number of farm families, according to Walter T. McKay, State Director.

The expanded credit services are the best yet devised to help our farmers and ranchers through the worst drought in Texas history, McKay stated.

The new law provides broader authority to assist family-type farmers with loans to improve and operate their farms. It also authorizes, as part of the Rural Development program, loans for operating and developing farms where the farmer has part-time employment off the farm.

All FHA County Office staffs have brought up to date on these changes at meetings held throughout the state, and are now operating under the new authorities and policies.

Roy M. Wright, County Supervisor, said that the following types of loans can now be made in this area. Operating loans to full-time farmers, Farm Ownership loans, Farm Housing loans, Soil and Water Conservation loans, Loans to part-time farmers and Emergency loans.

Mr. Wright stated that there has been considerable interest in the Farm Housing loan. These loans are made for the construction and repair of farm houses and other farm buildings. Interest in four per cent on the outstanding principal, and repayments may be scheduled up to 33 years, with the loan secured by a deed of trust on the borrower's farm. This loan program was reactivated in May of this year.

Wright further stated that loans to part-time farmers is a new loan, and is designed to help farmers in areas designated for the Rural Development program, who are unable to obtain enough land resources to develop full-time farms. Loans may be made for operating and developing less than family-type farms, if the applicants are established bona-fide farmers who have historically resided on farms and

depend on farm income for their livelihood, and who are conducting substantial farming operations and spending a major portion of their time farming. Such operations must have dependable sources of outside income. When such loans are made for operating expense, they bear interest at five per cent and are repayable over periods up to seven years. Loans for real estate development bear interest of 4 1/2 per cent and are repayable over periods of up to forty years.

Eligibility for all types of loan assistance available is determined by a three-man county Farmers Home Administration committee.

Farmers Home Administration credit supplements but does not replace other sources of credit. Loans are made only when the applicant is unable to obtain credit from private or cooperative sources of credit. While Farmers Home Administration sometimes requires less security than is required by other lenders, no loan is made unless it appears that the loan can be repaid.

## So. California Al Austin For Opener With U. T. Saturday

Southern California and Texas, two teams that dropped the curtain on 1955 with spectacular upsets, meet Saturday night at Memorial Stadium in the season opener for 1956.

Despite last season's setback, Texas' record against Pacific Coast Conference opponents is respectable. Four previous foes failed in their bids against the Longhorns, Oregon falling 7-7 in 1941 and 13-38 in 1947; Idaho bowing 7-56 in 1949, and Washington State going down 14-40 in 1954.

The Longhorns will be seeking their 392nd victory Saturday, having compiled a .713 winning percentage in 165 games since 1893. Southern California has a similar record, owning 334 triumphs in 504 games for a .699 winning mark.

## Sheriffs Ask Passage Of Constitutional Amendment 7

The Sheriffs' Association of Texas, comprised of nearly 8,000 law enforcement officers, today asked fellow Texans to vote for Constitutional Amendment Seven in the November general elections.

Amendment Seven provides for a waiver of jury trial and requires competent medical testimony in commitment proceedings of the mentally ill. At present Texas is the only state in the nation which still requires a mentally ill person to endure a jury trial before he can obtain more than 90 days treatment at a state hospital.

Known as the oldest law enforcement organization in the United States, the Sheriffs' Association took action after hearing guest speaker John H. Lane, Jr., Executive Director of the Texas Society for Mental Health, declare Amendment Seven an essential first step toward adequate mental health legislation in Texas.

"There is a common misunderstanding," said Mr. Lane, "that the amendment abolishes the jury trial in commitment proceedings. This is not true," he emphasized. "If no criminal offense has been committed, Amendment Seven gives a person seeking

## It Was And WE DIDN'T

At the Thursday morning pep rally in Yoe Gym the coaches, the superintendent and the principal each in turn declared the spirit to surpass any opening pep rally in any opening pep rally in the "History of the school." Said Principal Young "I have been here since the year 1 and this is the best opening pep rally I have ever seen," and stated that this is the way anything that is undertaken in the school should be.

"I am in a different position now that I am not a coach and I can brag." "We have the three coaches who are actually craftsmen at the business of coaching. All I can say about tonight's game is that we are gonna win."

Young introduced the president of the Downtown Quarterback Club. Coach Jackson reiterated what he had said in the past, after introducing the team to the students. "I think the team has the finest spirit in a long long time." The coach averred that his team would incidentally, not accidentally win the game.

Coach Speer said "We are gonna sack 'em up."

Coach Webster "If as much spirit is shown out there tonight as there is here this morning we can't lose."

As shown later by teams 26-7 victory "It evidently was and the team evidently didn't."

## Turkey Production Up Nearly Fifty Per Cent Over 1955

By J. D. Moore, County Agent

Texas turkey producers are raising about 47 percent more in 1956 than in 1955. Heavy breeds are up 55 percent from a year ago. However, production of light breeds is down 4 percent.

The commercial turkey industry has been expanding and a projection of trends indicate that it will continue to expand during the next five years if our general economic activity continues at a high level.

The total number of turkeys raised will increase from 65.6 million in 1955 to 73 million in 1960.

With this increase in the number of turkeys raised compared to last year, we cannot expect prices to be as high as they were last year. In fact, prices received by farmers will probably be much lower.

Price per pound is not the only factor to be considered in selling turkeys at a profit. In addition to price per pound offered, such things as age of turkey, weight, fleshing, finish (fat) and time of selling should all be studied carefully. Decisions should be made by producers on when to sell after examining all the factors and making a correct analysis with respect to all of the above items.

Listed below is one example of how facts properly analyzed can tell the producer much about selling his turkeys with the greatest possible chance for profit:

Bronze turkey hens that are well fleshed and finished at 22 weeks of age and weigh 15 lbs., will require about 11 to 13 lbs. of feed to put on another pound of gain. Tom turkeys that are well

treatment a humane choice as to whether or not he wishes a jury trial just as in any other civil matter."

## Hodge House Convalescent Home

This is an exclusive home for elderly people and invalids located at 364 Coleman in Marlin, Texas. Phone WEStmore 6-2740.

They have a completely equipped convalescent home to take care of patients in the most efficient manner. All precautions for their comfort, safety and well-being are taken.

They have recently installed a state approved fire alarm system costing \$1,500.00 for the protection of all occupants of the home.

Nourishing and appetizing food is attractively served, and its purity and wholesomeness is assured by the watchful care of trained dietitians.

The very best of attention is given to all patients entrusted to the care of the Hodge House Convalescent Home and they are very conscientious in seeing that no one is lacking in the conveniences they should have. A cheery air of hopefulness prevails, and the patients find their home very clean and comfortable.

Monday morning a preacher makes a visit to the occupants of the home. Friday afternoon regular devotionals are conducted. The song service is conducted by the Salvation Army and arrangements are being made for different organizations to conduct these services. Religion is truly not forgotten by this home because the Hodge House Convalescent Home does realize the importance of such.

The management invites your inspection at any time of the facilities of the restful Hodge House Convalescent Home.

fleshed and finish at 26 weeks of age and weigh 27 pounds will require 8 to 9 pounds of feed to put on another pound of gain. The cost of feed for additional gain will likely be greater than the amount gained in price per pound or value of increase in weight.

## Yoe Future Farmers Plan Big With Queens And Trips In Mind

Future Farmers of Yoe High readied to kick-off a big year at their next meeting on the First Monday in October by nominating four of their beautiful high school classmates, one of whom will be elected the Future Farmer's of 1956 Queen.

Nominated were Misses Carol Ann Heitman, Peggy Burke, Patsy Anderle and Judy Sutter.

At their first Monday in September opening meeting of the year Carol Wayne Jungman called the meeting to order at 7:30 p.m. at the Vocational Agriculture Building. During the business session the date was set for the Chapter Farmer and the Green-hand Initiations were set for the next meeting.

Trips were discussed which the farmers hope to make during the year. The trips included 1. The Dallas Fair 2. Fort Worth Fair 3. Stock Show and 3. The National convention of the Future Farmers to be held in Kansas City from October 15-19.

## Texans Give Big To Heart Fund From Big Hearts

Texans contributed more than \$650,000 to last February's annual Heart Fund, it has been announced by Senator Lyndon B. Johnson, who served as the state's 1956 Heart Fund chairman.

A total of \$657,600 was contributed by Texans to the fight against heart disease, it was reported, to exceed the 1956 Texas Heart Fund goal of \$600,000.

"More local Heart Associations have been formed in Texas communities and more persons participated in and contributed to the 1956 Heart Fund than ever before," Senator Johnson declared.

Simultaneously with Senator Johnson's final report on 1956 Heart Fund contributions, Edgar M. Brown of Houston, executive director of the Texas Heart Association, announced that plans are

relief from the prolonged drought was not general.

Streams in highly populated and industrialized areas failed to produce sufficient flow to meet the demand.

Water levels in south, central and west Texas continued to decline in six observation wells and rose in two wells during the month. Record low levels occurred in five wells.

Average rainfall over the State was less than half of normal for August. Areal averages varied from 0.28 inch in the Brownsville area to 2.33 inches in northeast Texas - 15 and 89 percent normal, respectively.

## Average Statewide Rainfall Less Than Half August Normal

Streamflow was critically deficient except in south Texas where moderate flooding occurred during the last week of August in the Nueces River basin. Several times during the month runoff in scattered areas followed isolated thunderstorms over the State, but

## Three Cameron Men Inducted At Love Field

Leaving Thursday, September 13 for Love Field in Dallas where they will be inducted into the Armed Forces were Earl Wood Sproull of Buckholts; Wilburn Tenness Dyer of Rockdale and Norman Earl Douglas of Milano.

Dyer was leader of the group scheduled to arrive in Dallas at 3 p.m. Thursday afternoon.

## "They Have Made It Desolate And It Mourneth Unto Me"

The man slowed perceptibly the speed of his automobile, finally coming to a complete stop. Something had changed. Something was gone. What was this difference he could feel but hadn't yet been able to see? And then, there it was.

On his left was a demuded pasture area. The newness of the fence belied the age of the pasture for seemingly it had been grazed for many years until it was completely stripped of its cover of grass.

Only two growing seasons ago he had come this way and had marveled at the richness of the cover of native bluestem grasses. Knee high they had been as they waved at the winds and rustled their umbrella of cover over the deep black soil. A feeling of humbleness and reverence had come over him at that time for here was God's work. One of his many gifts to mankind.

Now it was gone. The soil lay bare in the scorch of the hundred degree temperature. It shimmered and waved to him through the heat waves; almost as if in motion. The exposed root crowns were much in evidence where the grass had been literally grubbed from the earth. Here and there were remnants of closely cropped grass turfs that gave the impression of hanging on after being partially uprooted.

Gone was the dense umbrella that cushioned the sun's rays, that shattered and softened the falling rain drops, that sheltered the many forms of little living organisms in the very surface of the soil. In its stead was a desolation.

The utter destructiveness of the management of this piece of earth was appalling. It was like setting fire to a new barn and idly standing by watching while it burned. The man closed his eyes, while repeatedly shaking his head.

The graphic image of land made desolate by selfish man remained. Into his mind came the words of an ancient prophet, Jeremiah, perhaps. "Many shepherds have destroyed my vineyard, they have trodden my portion underfoot, they have made it desolate, and being desolate, it mourneth unto me; the whole land is made desolate because no man layeth it to my heart."

Why, he thought, must history repeat itself?

With one last look, slowly he meshed the gears, steadily the engine accelerated. Motion resumed. Dust whirled in the still air lifting slowly and drifting over the barren earth. Man had passed that way.

These words returned, "They have made it desolate, and being desolate, it mourneth unto me."

## Farm Bureau Member Drive Begins Sept. 20

The Texas Farm Bureau's annual fall membership campaign will get off to a flying start here September 20 at a big state-wide rally of county and community chairmen.

Sponsored by the state Farm Bureau, the rally will be exclusively for volunteer leaders in the organization who will be heading the local membership drives this fall. County presidents will be the only regular officers permitted to attend. About 200 membership chairmen are expected to attend the meeting which will start at noon and close that evening after a banquet. The meeting will be held at the Stephen F. Austin Hotel.

Most of the drives over state are expected to be concentrated during the week of Oct. 1-6, the official Texas Farm Bureau Fall Membership Roundup Week. County organizations have set individual goals totaling 72,553. State Farm Bureau officials are hoping that at least 80,000 farm families will be enrolled this year. That would enable Texas to lead the South this year in Farm Bureau membership and to jump to fourth place in national membership standings.

H. W. Robertson, organization director for the Arkansas Farm Bureau, will be banquet speaker. TFB President J. Walter Hammond will address the group that afternoon. Speeches will be few and short, however. Door prizes will be given away during the afternoon and evening sessions.

INTRODUCING: Alan Lane Gooch, 7 pound 4 ounce son born to Mr. and Mrs. J. P. Gooch on September 8 at St. Luke's Hospital in Houston. He has a sister, 3½ year old Sharon Sue. Paternal grandparents are Mr. and Mrs.

Percy Gooch of Cameron and maternal grandparents Mr. and Mrs. Edwin Lane Parker of Kosciusko. Mr. Gooch, now with the Shell Oil Company in Houston formerly worked in the Milam County Tax Office.

## Yoe Coaches Pay Is No Pension

Coaches lives are no bed of roses any more than that of the boys who go to school, study, work out at football practice for two and half hours daily and then play their hearts out in games win, lose or draw.

Last Wednesday the coaches had to scout in Bryan, on Thursday they journeyed to Gatesville for a practice game and on Friday Speer and Jackson scouted the Belton Lampasas game with Murphy at the Marlin Rosebud match and then on Saturday the whole staff had to attend the triple A meeting in Killeen.

Coach Jackson, at the beginning of the season had numerous skull practices with the new coaches, Speer and Webster, and if you ever saw any planning of a day's or afternoon's work on the practice field those men do it to a T or a Wingback or what have you. When the heavy work schedule was called to the attention of the coaches they shrugged it off with a "We haven't applied for a pension" attitude. It's all in the day's work of a coach those at Yoe High to say the least.

## The Gonzales Gossip

Facts And Fancy  
By The Fanciful  
Walter H. Richter

When we had a cold snap in Gonzales recently (the temperature dropped from 104 to 96), it put me in mind for some unknown reason of Percy Bysshe Shelly's lines: "If winter comes, can spring be far behind."

As I said, I don't know why I had this thought and I'm sure no one really cares, but I did want to make it clear that it is not the customary thing for me to have thoughts like that. Likely it has something to do with the change

in weather - which, as you know, affects different people different ways.

Some people get rheumatism, others get hay fever. You know how it is.

Another reason I should probably never have brought this thing up in the first place is that someone will think that I'm a name-dropper and a high-brow student of literature. Actually, I have never had much truck with poet-type people, especially when they are named Percy Bysshe.

Shelly's lines on winter leave me somewhat cold. He assumes that winter is going to be something pretty horrible and that spring is something glorious that we can look forward to now that winter is approaching. In the first place, winter might not be bad at all, especially if it would start raining.

And if it doesn't rain then spring certainly ain't gonna be no great shakes, either.

Besides, I think Percy belabors this business of looking on the bright side. Nobody's going to get very excited on Labor Day about picking colored eggs next Easter.

IT'S A FACT  
Perhaps one of the most widely-held misconceptions about the Gonzales Warm Springs Foundation is that it is a center for the treatment of polio only.

This is not the case. The treatment program is designed, in the language of the doctors, for long-term care of neuro-muscular diseases and musculo-skeletal disorders.

While polio patients have been in the majority for some time, many victims of muscular dystrophy, cerebral palsy, multiple sclerosis, and even arthritis, have been treated. Also, we have many patients whose handicaps stem from falls, auto accidents, diving into shallow pools, and the like.

There will be more on admission procedures later.

## Dummy Pills Sometimes Relieve Real Illnesses

Dummy pills - placebos as the doctors call them - in "an astonishingly large percentage of cases" relieve headache, seasickness, angina pectoris pains and discomfort following operations, writes J. D. Ratcliff in a September Reader's Digest article titled, "Medicine's Humble Humbug."

Some doctors use placebos to break people of the sleeping-pill habit.

The placebo may be a brightly colored pill of inactive milk sugar or a capsule of starch or a shot of ineffective salt water. It "cures," the writer explains, because most of us are highly suggestible and our mental attitude plays a powerful role in sickness.

"Should you feel gypped if you learn that your physician has prescribed a placebo, and you have paid, say \$2 to have the prescription filled?" Mr. Ratcliff asks. "Certainly not. The placebo has an excellent chance of doing good far beyond its cost." Placebos can be tried while the doctor is waiting for diagnostic tests or when he is baffled by the complaints or when no effective treatment is possible.

One authority quoted by Mr. Ratcliff thinks that the illegibility of prescriptions and the use of high-sounding names for drugs serve a useful purpose in preserving the secret of the placebo from the patient. Many doctors find vile tasting and vividly colored tinctures particularly impressive.

## Kay Pernice Made Fifth Period Homemaking Praxy

Kay Pernice is president of the Fifth Period Homemaking I Class Judy Sutter, secretary; Mary Alice Duncum, treasurer; Peggy Mullinax, historian; Sharon Laywell, reporter; Ina Ruth Hays, sergeant at arms; Becky Mayer, parliamentarian; Margaret Young, pianist and Pat Bailey, recreation leader.

Duties of the officers will be to aid the Future Homemakers of America Chapter officers in carrying out the program for the year.

## Be my guest for FOOTBALL GAMES on radio and live TV

Again this year the Humble Company will bring you radio broadcasts and live telecasts of college football games. Your host on these is your neighbor under the Humble sign. If you enjoy them, stop by to tell him that you do—he'll appreciate your friendly gesture.

Check the games you want to see or hear each week under the Humble sign in your neighborhood. They'll be posted, with station lists and game times, in the window.

Meanwhile, stop by and ask for a pocket-size Southwest Conference Schedule, and a windshield sticker in the colors of your favorite Southwest Conference School. No cost, no obligation.

## News From Jones Prairie

Mrs. S. S. Hickman

During the regular conference at Little River Baptist Church Sunday, officers and teachers were elected for the coming year as follows: Sunday School Superintendent, Carlton Crook; Assistant, H. P. McKinney; Treasurer, Miss Ethel McKinney; Clerk, Mrs. H. P. McKinney; Choir Director, E. B. Yager; Church Pianist, Mrs. J. D. Martin; Sunday School Pianist, Mrs. A. L. Burnett; Ladies Adult Class, Mrs. S. M. Harrell; Intermediates, Mrs. E. B. Yager; Primaries, Mrs. S. S. Hickman; Beginners, Mrs. A. L. Burnett.

Mrs. S. M. Harrell visited her daughter, and family, Mr. and Mrs. C. W. Neal, Clyde and David of Angleton, last week. Clyde and David returned with her for several days visit.

Mr. and Mrs. Ben Massengale had as their recent guests, Mr. and Mrs. Willard Keith, Mr. and Mrs. Howard Schwartz, Miss Barbara Massengale of Rosenberg; and Mrs. Frank Laurents, of La.

Mr. and Mrs. W. B. Burnett, joined by Mr. and Mrs. Leland Burnett of Rockdale visited relatives in Beaumont over the weekend.

Mrs. Nadine Parker entertained with a dinner party Tuesday evening honoring her son on his eleventh birthday. Uncles, Aunts, and Cousins, came by the dozens from Rockdale, Cameron, Milano, Maysfield and Ben Arnold. The honoree received many nice gifts and declared, he had a wonderful party his grandmother Mrs. Wade Parker of Milano remained for a longer visit.

Misses Imogene and Anna Doris Hinz of Houston and Mrs. Clyde McCarty of Cameron, spent Tuesday with Mrs. Buck White.

Mr. and Mrs. Billy Canady and family of Houston visited his parents, Mr. and Mrs. O. T. Canady several days the past week.

Grady Roden of Commerce stopped over for a brief visit with friends here Tuesday en-route to Giddings.

Rev. and Mrs. Walter Black and daughters, Becky and Kay of Houston, visited her parents, Mr. and Mrs. E. E. Pool during the latter part of the week. Mr. Black returned Saturday. Mrs. Black, Becky and Kay remained for a longer visit.

Mr. and Mrs. Bud Reynolds of Clarkston were Wednesday evening guests, of Mr. and Mrs. Ben Massengale.

Mr. and Mrs. E. B. Yager had as their weekend guests, their daughter and family, Mr. and Mrs. Malcolm Marion and children, Charles, Bruce and Beth of Seguin. Other guests over Sunday were Rev. W. M. Griggs and son of Rockdale, Mr. Griggs was the guest speaker for both the morning and evening services at the local church.

Mr. and Mrs. Victor Hugen and Mrs. J. W. Drennon attended the adult Sunday School Social at the Maysfield Methodist Church, Friday evening.

## Supreme Woodmen Cameron Grove 996 Elects Officers

Supreme Mostest Woodmen Circle Cameron Grove 996 elected officers at its meeting on Tuesday, September 11 in the home of Mrs. Henry Brown.

President Marie Ann Laake succeeded herself for the coming year. Angelina J. Allen, vice president; Cora Matula, second vice president; Ida Johns, secretary; Ellen Hause, auditor; Mary Houston chaplain; Julia Brown, attendant; Selina Nesbit, assistant attendant; Gladys Matyastik, reporter, Nora F. Martin, musician and Rebena Inman past president.

Mrs. Carrie Jamison is the only member who has a membership over fifty years.

Out of town guests at the meeting were Mrs. Geneva Myrow of Somerville, district manager and Mrs. O. A. Henigar of Rockdale.

Mrs. Myrow told of a new wing built at the state home for the aged and children in Sherman. A specially equipped room is being furnished by the Groves of Texas in honor of the state manager, Mrs. Laura E. Krebs of Austin. Cameron Grove contributed toward purchase of the equipment.

Opening of the new wing will be November 18 and it was announced that chartered buses will leave Waco on that morning so that all interested members may attend.

## LITTLE RIVER PHILOSOPHER FAVORS NOT ONLY GETTING OUT THE VOTE, BUT ALSO GETTING OUT CANDIDATES

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River discusses politics this week, another subject he's no authority on.

Dear editor:

As you know, I'm no politician. It's true I may not work very hard or very productively for a living, but still I'm no politician; as far as I'm concerned

how hard a man works is his own business, and if he wants to quit his job on the Suez Canal or turn the motor off on his tractor and go fishing, it's nobody's business, yours or Egypt's.

But that's not what I started out to say. What I started out to say was that I've been reading in newspapers lately and hearing over the radio and television about the importance of getting out the vote in the November elections.

I even heard one candidate say he'd rather have a man vote against him than not vote at all.

Well, now, I'll tell you. Aside from the fact most candidates wouldn't share that view privately at least if I was in a close race and a man who was opposed to me had a flat on the way to the polls, I'd stop and help him fix it but it would take me so long the polls would be closed before the job was done, what a lot of people seem to neglect in their campaign to get out the vote is a campaign to get out the candidates.

That is, you take a race for a minor office where two men are running and there ain't a nickel's worth of difference between the two and neither one of em really suits you, I never have been able to figure out what the advantage was in trying to make a decision. In most cases, the country is bigger than the candidates, anyway, or we never would get anywhere.

I have noticed that generally when there's something or somebody to vote on, the voters turn out. I'm not saying the voters don't have a duty to vote, it's an important duty, and as far as I'm concerned it's easier and more fun than plowing, and I never miss a chance, but a little more attention ought to be devoted to the task of getting out the candidates, too.

Now this can be done though out of my department. It's my job just to be in favor of better candidates and higher farm prices. How to do it is somebody else's job. How about you taking it? Yours faithfully, J. A.

Football Highlights, Training Firemen On Humble TV Show

Highlights from four Southwest Conference team's opening football games will be featured next week on The Humble Company's TV program, Texas in Review.

Kern Tips will narrate the highlights which will be taken from the Texas A&M - Villanova, Rice - Alabama, SMU - Notre Dame and Texas - University of Southern California games.

Another interesting feature on the program will show how the Harris County Volunteer Firemen are trained. Demonstrated will be ways to fight different types of fires and how to use all types of fire-fighting equipment.

Ben Milam Boys And Girls Glad To Be Back At School

The Second and Third Grades of Ben Milam report that "We are happy to be back in school after a nice vacation."

Harvey Gill Wallace in the second comes from Crockett school in Bryan and Richard Dennis Jones, in the third grade, comes from Houston. He will stay with his grandmother, Mrs. Ed Tomasek.

"We have added a science corner in our room and have collected a dove's nest, a yellow jackets nest and rocks with holes in them and we will add to the collection." the students report.

The storm broke two windows in the room and Mr. Daniels is repairing them today.

Bobbie Price, daughter of Mr. and Mrs. Alfred Price of Cameron and a 1955 Yoe graduate left Monday for training as X-Ray Technician at the Hillcrest Hospital in Waco.

Kenneth Caldwell is now able to return to school following an injury received playing football.

## Old Cotton Belt Asks Plains Growers For Joint A. S. C. Inquiry Request

E. O. Lundgren of Elgin, president of the Old Cotton Belt Association of Texas, this week said that his organization invites the Plains Cotton Growers, Inc., of West Texas to join it in asking the Texas Agricultural Stabilization and Conservation committee for a complete investigation of the cotton acreage allotment program.

"Since W. O. Fortenberry of the West Texas Corporation indicates a desire for a complete investigation, we invite him to join in our request that the investigation shall start for the year 1951, and continue through the succeeding years through 1955," Mr. Lundgren declared.

"It is of particular interest to us to find out about the tremendous gains that were granted to the plains growers during 1953 for abnormal conditions, and also why the trend factor of over 80 percent was granted them in 1954 and a factor of over 60 percent during 1955.

"The O.C.B.A. has never admitted that the trend factor should be used to take away acreage from its area, where cotton has been the main way of life for many farmers during the past three generations. Members of Congress who wrote the law state that their meaning of trend can be used two ways, upward or downward. During 1954 and 1955 it was used for upward trend only."

Mr. Lundgren added that his association was also interested in a thorough investigation of acre-

age transfers from dryland to irrigated land. "The law has been interpreted to us to mean that transfers are only legal where acreage is transferred to live productivity," he concluded.

**Spuds, Cabbage Plentiful Vegetables In October**  
The harvest moon of October will shine on a cornucopia bulging with plentiful foods.

The USDA's Agricultural Marketing Service, Southwestern Regional Office, Dallas, reports that protein-rich foods dominate the October list.

These include beef, turkeys, stewing chickens, broilers and fryers, as well as eggs, peanut butter, cheese, milk and other dairy products.

Potatoes and cabbage are the only vegetables carried on the October listing of plentiful foods.

**Baptist V.M. Business Women Meet With Mrs. Armstrong**

"Lead On Oh King Eternal" was the program topic for the Virginia Mills BWC meeting in the home of Mrs. Lonnie Armstrong, September 22.

Mrs. Winnie Mae Green, President welcomed one visitor, Mrs. Delane Yager of Maysfield, and nine members.

Natalie Bynum mission study chairman urged the members to attend the book review "The Tribes Go Up" September 25, 7 P.M., 107 N. Houston.

The Business women learned

that the title of the program was taken from a hymn written in 1888. Members taking part on the program were Madames Jessie Armstrong, Leslie McDonald, Stella Thorpe, Ruby Lee Swanzy,

Helen Patterson, Winnie Mae Green and Miss Natalie Bynum. The next regular meeting will be at the First Baptist Church, October 9.

## News From Buckholts

MRS. J. W. MEYER

Buckholts Methodist was host Sunday for the first quarterly conference of the conference year in the Buckholts charge.

District Superintendent, Dr. W. R. Swain of Bryan was guest speaker at the morning worship service and he also presided at the business session.

A covered dish buffet dinner was served at the parsonage after services.

Dr. Swain was complimentary on the financial report of churches in the charge. Each showed a "paid in full" report despite drought conditions.

Home for the weekend were Temple Junior College students, Bernice Fischer, Evelyn Glaser and Marion Fuchs.

John R. Meyer visited his parents, Mr. and Mrs. J. W. Meyer last week. He has resigned from his Montgomery-Ward position in Bryan to accept a sales position with Armstrong Floor Covering Distributors in Houston.

Mr. and Mrs. Udell Woodward and son, Dale of Houston were guests of their parents, Mr. and Mrs. Tal Woodward while on vacation here the past week.

Buckholts 1955 high school graduates entering colleges this fall include Milton Daniel, Bernice Fischer, Evelyn Glaser and Willie Leskar who are students at Temple Junior College. LeRoy Koenig

ness College in Austin. Joe Dean Zajick chose Southwest Texas State College at San Marcos. Evelyn Jungmann is a Junior student at Baylor University in Waco. Albert Lang Jr., who graduated in August from Southwest Texas State Teachers College is now a teacher of Physical Education and English at Baptist Academy in San Marcos.

J. R. Greer, operator of W. W. Callan livestock farm southeast of Eddy, says "For real soil improvement in the blackland you can't go wrong in using hubam clover every year in your cropping plans". He points to a 100 acre tract on the farm as an example of what hubam clover has done. This tract was sown to clover and fertilized with 200 lbs. 20 percent super-phosphate in 1953 and 1954. Volunteer clover was re-drilled to oats in 1955. The clover and oats furnished good grazing all three years.

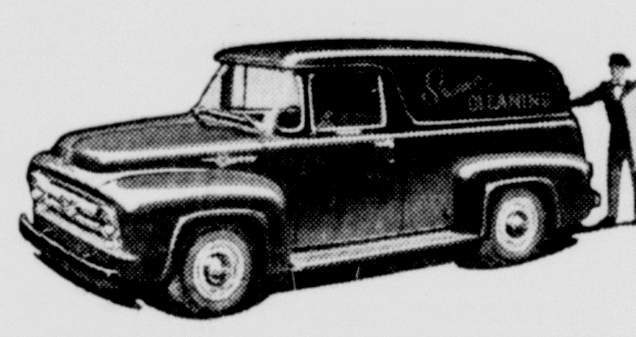

Even though there has been a reduction in the infestation, there are enough worms to cause damage next year so that the earliest possible stalk destruction will be to the best advantage. The mandatory stalk destruction date this year in Milam County is November 30, 1956.

Guests in the home of Mr. and Mrs. Monroe Marek and daughters on Sunday were Mr. and Mrs. Joe Zavrel of Temple, Mr. and Mrs. Lawrence Janicek of Clarkson and Mr. and Mrs. J. C. Marek of Cameron.

Go To Church On Sunday

Ford tandem axle BIG JOBS are rated to carry more payload than comparable tandems of any of the leading manufacturers. T-800 model has max. GVW of 45,000 lb.—GCW is 65,000 lb.

Ford's F-100 Custom panel is one of the top load carriers in its class. It provides 155.8 cu. ft. of cargo space in a smooth, fully lined interior and hauls up to 1,535 lb. of payload.

The hardest-working, biggest-saving "two-tonner" of them all is the Ford F-600. Only Ford offers a Short Stroke Six and three Short Stroke V-8's in this field. Max. GVW is 19,500 lb.

FOR BIG JOBS... SMALL JOBS... ALL JOBS

# Ford Trucks cost less

And low first cost  
is only your first saving

Ford's F-100 pickup with 8-ft. box is the biggest in the half-ton field—up to 19 cu. ft. more loadspace than the others. Regular 6 1/2-ft. box with a full 45 cu. ft. capacity also available.

COME IN  
TODAY!

Before you buy your next truck, look at both sides of Ford's story of value. Check what you get and what it costs. You'll like what you see.

Look at the costs. Ford's first cost is low. Resale value is high. Modern Short Stroke engines—V-8 or Six—are designed for less friction, less wear, lower running costs. Maintenance costs are lower, too, because Ford trucks are built stronger for rugged long life. And a 10-million truck study proves Ford trucks last longer.

Look at what you get and you'll see you get more in a Ford. For example, more horsepower per dollar—proved by a comparison of factory-suggested list prices and net horsepower of all truck lines. You get more comfort with a Driverized Cab, and more safety with Ford's exclusive Lifeguard features.

Look carefully... consider everything. You'll agree Ford trucks cost less, give you more. If you want a great deal—a great deal more for your money—see your Ford Dealer.

## FORD TRUCKS LAST LONGER

Using latest registration data on 10,502,351 trucks, insurance experts prove Ford trucks last up to 9.9% longer.

## Agriculture Credit Agencies Plan Meet In District Court

A meeting of importance to representatives of all sources of agricultural credit in Milam County, is being held Friday, September 21, 1956 at 1:15 p.m. in the District Court Room, County Courthouse, Cameron, Texas. Roy M. Wright, Farmers Home Administration County Supervisor advised today. Invited to attend and participate are all local bankers, representatives of Production Credit Associations, Federal Land Banks insurance companies, farm machinery and supply dealers, and representatives of all agricultural credit agencies.

This meeting, and similar meeting in every county in Texas, has been suggested by Walter T. McKay, Farmers Home Administration State Director at Dallas.

Its purpose will be to give information regarding Farmers Home Administration loan programs and to work out a proper working relationship with them, since this agency's lending activities supplement but do not replace other sources of agricultural credit, Wright said.

## Rogers Man Dies At John Sealy After Fall Breaks Hip

Mr. George R. Blackstock, 86, died at 2:30 p.m. Friday at John Sealy Hospital in Galveston. He was married to Maude Mann of Rogers, Texas in 1900 and the couple had lived there most of their lives.

Mr. Blackstock fell in a Rogers store and broke his hip and was rushed to the Galveston hospital, where complications set in resulting in the death of the octogenarian.

Surviving are his wife and two granddaughters; Mrs. B. H. Bulington and Mrs. Herbert McMillan, both of Houston and five great granddaughters. One brother, Jim Blackstock of Pittsburgh, Texas and numerous nieces and nephews.

Services were held at the Rogers Methodist Church at 2:30 Sunday with the Reverend Harrel, pastor of the church and Ed Gower, of the Church of Christ officiating. Burial was in Bryant Station cemetery.

Pallbearers were T. C. Mahler, Fred Spinn, Arthur McLean, Garland Shelley, Lloyd Hendrick and Jack Mauldin.  
Phillips and Luckey of Rockdale were in charge.

## News From Milano

The family attends the First Methodist Church.

Early Destruction Of Stalks Cutting Down Bollworm

A combination of the dry weather and the good stalk destruction last fall, has resulted in a reduction of the Pink Bollworm infestation this year, according to D. L. Stephens, of the Pink Bollworm Control Branch.

The annual Gin Trash survey made by the U. S. D. A. in Milam county this year shows 22 Pink Bollworms per bushel of Gin Trash, compared with 28 per bushel in 1955 and 17 per bushel in 1954.

The Maysfield area showed the highest infestation this year. All other areas showed a general infestation with the Pink Bollworm showing a preference for irrigated and bottomland cotton.

George's parents, Mr. and Mrs. Logan, Sr.

TELEPHONE TALK

by C. L. Carson, Manager

Visit Again By Telephone

At this time of year, vacations are over for most of us. And I suppose if you're like me, you are already looking forward to next year's. But it's a good thing to remember that those miles that took hours to cover on your trip can melt away in seconds with a Long Distance call.

That way, you can thank your friends or relatives by telephone for all the fun you had during your vacation visit. They'll appreciate it, and will enjoy hearing your voice again.

Or maybe you met friends on vacation. There's really no better way of keeping in touch with them than by a friendly Long Distance call.

Rates are lower after 6 p.m. every weekday, and all day Sunday. This makes it easier to recall the happy vacation days all year long. Remember, too — call by number — it's twice as fast.

Why Run? Just Reach

Some time ago, I heard a good slogan for extension telephones. It was, "Why run for the telephone when you can reach for it?" It makes sense too. You arrange furniture and appliances in your house so that they'll be convenient for you. Why not carry this convenience over to your telephone service?

Most homes could use an additional telephone. The kitchen and bedroom seem to be the most popular spots for families now enjoying life with two telephones.

The cost is small for an extension. An installation charge of \$2.00, and the monthly rate of \$1.00 can make you a "two telephone family."

Looking Up Words

You know, people sometimes use words for years before finding out exactly what they mean. Usually they're pretty close, but it never hurts to dust off the old dictionary and look up a word.

I did it the other day to find the definition of "value." We talk about value of service a lot in the telephone business, and I wanted to know once and for all just exactly what "value" meant.

In simple terms, it means "real worth". So if you stop and think a minute about how much the telephone does for you, we think you'll agree we're not misusing the word "value" when we talk about telephone service.

For, you see, a good part of the "real worth" of telephone service is the telephone's ability to help you do more things easier day after day.

Call by number. It's twice as fast.

## Forrest W. Sapps With 1/2 Million Writers Westward Ho

Mr. and Mrs. Forrest W. Sapp left Sunday, September 16, for Phoenix, Arizona to attend the 20th annual meeting of the Great Southern Club composed of the

top salesmen of the Great Southern Life Insurance Company of Houston, Texas.

Traveling by special train, the 186 representatives who qualified for the 1956 club, their wives, and a contingent of home office officials, will spend four days at the famous Westward Ho Hotel. During this time, Great Southerners will combine study with recreation. In addition to four work sessions, there will be a tour to

points of interest.

Sapp is one of 61 Great Southerners who earned membership in the Company's Leaders Legion. This group is limited to those men who personally sold one-half million or more of new life insurance during the club year. In recognition of their achievement, the Company, will present each Legionnaire a special award. The presentation will be a feature of the traditional President's Ban-

quet scheduled for Tuesday evening.

## Registration Of 18 Year Olds Down Says Schwarz

Either 18-year-olds are leaving the state, or they are failing to register, Colonel Schwartz, State Selective Service director said. He said that perhaps some 18-year-old males are failing to comply with the law.

The draft law requires young men to register with the nearest draft board the day they are 18, or within five days thereafter. Since the present law was enacted in 1948, all males born since August 30, 1922, have had and now have a legal obligation to register, except those not yet 18.

Those who fail to register as required, upon prosecution and conviction, are subject to fine up to \$10,000, or five years in prison, or both. No one is drafted under age 22, except volunteers and delinquents, but the law obligates all males to register at 18.

## Mothers Attend Yoe Homemaker Meet As Year Planned

The Yoe Junior and Senior Future Homemakers began their school activities September 10, 1956-57 with a short business and recreational meeting in the Yoe High gym.

Gloria Harber, president of the Senior Chapter opened the meeting with the official F.H.A. opening ritual. Each Senior Chapter officer introduced herself giving the office she holds and then introduced the corresponding Junior Chapter officer. Junior F.H.A. officers introduced were: President, Sandra Smith; Vice President, Pat Matula; Secretary, Becky Terry; Treasurer, Evelyn Vanza; Sgt.-at-arms, Eileen Jacks; Historian, Glenda Sue Grisham; Parliamentarian, Sue Ann Crow; Reporter, Sharon Laywell; Pianist, Margaret Young; Recreation Leader, Rita Vessels.

Mary Ellen Richter reminded the girls that now is the time for them to plan their work on degrees of achievement. Mrs. Whalley announced that October 6 is F.H.A. day at the State Fair of Texas. Barbara Coward was elected by acclamation to be the new Public Relations Treasurer to replace Colleen Kelly who has moved to California.

Gloria Harber appointed new committee chairmen for 1956-57: Style Show - Anita Trdy; F.H.A. King - Carol Bolys and Cindy Curtis; Social - Janice Bridges and Lorene Conley; F. H. A. Week - Albina Kalodejak and Edwanda Holland; Rose Planting - Marye Horstmann; Community Projects - Rita Reid and Dorothy Kelly.

Evelyn Vybiral suggested three designs to consider for the new year book covers.

The local F.H.A. chapter goals that have been suggested for the year are:

1. Beautification of churches, homes, and schools by encouraging the planting of red roses.
2. Daddy date night.
3. Study of homemaking careers.
4. Sending stamped, Christmas cards for State Hospitals.
5. Sponsor a community clean-up campaign.

Approximately 60 girls were present. Four mothers attended: Mrs. C. O. Angell, Mrs. H. H. Harber, Mrs. Pete Mikula and Mrs. T. E. Lesikar and both sponsors, Mrs. Patsy Edmonds and Mrs. Imogene Whalley.

Immediately following the business meeting the girls enjoyed recreation directed by Majorie Wilkinson. The next meeting will be October 1 when the Junior Chapter members will be officially installed into the F.H.A. Chapter.

## Farmers Allowing Gas Tax Refund To Go Unclaimed

Farmers are reminded that they have only until September 30 to file claims for refunds for gasoline used off the highways during the first six months of this year.

Tax officials state that farmers are not taking full advantage of the refund which Congress granted in a bill passed last Spring.

Towards the end of August only 400,000 of an estimated three million eligible farmers had filed claims for refunds, according to the Internal Revenue Service.

One half mile of channel type terraces has been completed on the Mrs. Henry Jacobs Estate located three miles east of Walburg, Texas. This farm is managed by Walter Jacobs. It is under cooperative agreement with the Little River-San Gabriel Soil Conservation District, says Mike Brown of the Soil Conservation Service in Bartlett.

The terraces were constructed to district specifications by a Raymond Rister owned maintainer. Part of the cost of construction was furnished by the Williamson County ASC program.

A coordinated program of crop residue utilization, contour farming, fertilizing, cover cropping, brush control and proper use of pasture has been planned by Jacobs.

## William Mortimer Reenlists In Marine Corps As Sergeant

The NCO in charge of the Marine Recruiting office in Austin, has announced that Fredrick William Mortimer of Cameron, Texas was re-enlisted in the U.S. Marine Corps as a Buck Sergeant for four years.

Mortimer was re-enlisted on the 10th of September and has been

assigned and transferred to the First Marine Division, Marine Corps Base, Camp Pendleton, California. His wife, Helen Ruth Mortimer and three children are still in Cameron and will join him in California at a later date. Before re-enlisting Mortimer was a railroad employee and a member of the Marine Corps Reserve Unit in Waco, Texas.

## Why settle for less than Blue Chip performance?

It doesn't take a new GMC owner long to spot the difference—especially if he's just switched from another make truck.

Take the way every Blue Chip GMC is "engineered". An ultra-modern power plant gives him flashing response, sparkling road-pace—and record fuel economy.

Hydra-Matic\* is another eye-opener. Right away he appreciates its time and effort saving in traffic. And later on, he cashes in on the big maintenance savings.

And every trip he can carry a bigger load. For GMC chassis are rugged—GMC axles are extra-capacity.

So he hauls more—and hauls it comfortably. GMC cabs are man-size and deep-

cushioned. Recirculating ball-bearing steering makes handling free and easy. Close-quarters parking's a cinch with Safety Power Steering.\*

And at every stop, a Blue Chip GMC attracts admiring attention. With that distinctive boulevard styling, it's a smart advertisement-on-wheels for any business.

One for your kind of truck-work? Our truck specialists will help you select just the Blue Chip model that will do your job most profitably. And our truck servicing experts always stand ready to help you keep it a Blue Chip top-profit-maker. Drop in and get acquainted!

\*Optional at extra cost.

See us, too, for Triple-Checked used trucks

## Big Elm Watershed Committee Names Buster Griffin Chairman

By Fred Smith, Switzer Jr.

A small but enthusiastic group of farmers and ranchers from a long Big Elm Creek, met at the District courtroom in Cameron on Thursday night, September 13, permanently forming the Big Elm Watershed Conservation Committee.

Buster Griffin of Yarellton was named permanent chairman of the committee, and seven committeemen were elected by acclamation, with ten or more to be elected later. The new committeemen include Edwin Fisher, A. W. Reese, Albert Matula, Ed Pagel, Bartle Crenan, Roy Hensley and Walter Rachi.

The group saw a pilot film on a watershed control project in Oklahoma, heard talks by Osheer Smith, of Cameron, who is chairman of the Finance committee of the Brazos River Authority, and by Vernie Marshall, of the SCS from Bell County.

Mr. Hensley and Mr. Reese, made reports and related the Dublin projects to problems of control on the Big Elm.

Mr. Smith presented some in-

formation on the work of the Brazos River Authority, its purpose, and how the water is used. He stated that the water of the Brazos River was more important than the land around it. He added that the water, through its sale to plants along the river, and uses for irrigation purposes, pay more wages, bring in more taxes, than the land along it.

Mr. Marshall told of the partnership proposals from the government on such projects as the Big Elm in which the costs of construction are shared, and urged immediate action to get the organization under way. He estimated that easements would be some 60 percent of the total cost, and recommended that a bill setting up the watershed be put through the state legislature as soon as possible.

Some ninety percent of the Big Elm control area, as set up at present, is in Milam and Bell counties. The other ten percent lies in McClellan and Falls counties. Meetings will be held in communities throughout the area as the committee is completed and project plans are formulated.

Some ninety percent of the Big Elm control area, as set up at present, is in Milam and Bell counties. The other ten percent lies in McClellan and Falls counties. Meetings will be held in communities throughout the area as the committee is completed and project plans are formulated.

## Badger Notes

Buckholts Sophomores elected officers at a class meeting on September 11.

President will be Stanley Joe Glaser; Vice President, Ruth Ann Whittington; Secretary, James Edward Glaser; Treasurer, Kathryn Svetlik; Reporter, Charlene Ann Kudlacek; Sentinel, Lamar Gresak; Sponsor, Cornelius Titsworth.

The class held a party at the Gymnasium. There were 17 sophomores present for the games and refreshments. Visitors present were La Velle Fischer, Mr. and Mrs. Titsworth, Peggy Inge and Jerry Holidayeck.

Freshmen at Buckholts High elected Mary Irene Burtis president and Marc Gersback, vice president at a class meeting Wednesday morning September 12 at 8:30 in room 5.

Carroll Gene Fuchs was elected secretary; Stella Inge, treasurer; LaVelle Fischer, reporter; Jeanette Fuchs, sentinel and Carroll Wayne Glaser historian.

Buckholts Junior class officers are Peggy Inge, president; Leland Weido, vice president; Carolyn Wall, Secretary; Mary Chevalier, Treasurer; Charles Hundt, reporter; Anton Mendoza, historian.

Senior Class officers at Buckholts are Glenn Hutka president; Albert Abel, vice president; Martha Jean Hanke secretary-treasurer and Bernice Janes, reporter.

The Buckholts Eighth Grade elected Robert Loftin as its president and Adolph Jurca as vice-president at a class meeting last week.

Other officers elected were Secretary-Treasurer Della Jurca; Reporter Betty Wilhite, Social Chairman, Donald Tomasek. A fire captain and assistant fire captain were elected. The room mothers are Mrs. Pete Orsag, Mrs. Joe Weido and Mrs. George Wilhite.

The Buckholts Fourth grade has two new pupils, James McNeill and Kathy Wallace.

The Fifth grade has a science exhibit consists of grasshoppers, bees, butterflies and shells. Both the fourth and fifth grades are interested in art and music lessons. Lawrence Hanke of the Fourth Grade went to Houston last weekend.

Pupils in both classes are enjoying imaginary air flights to various points on the West Coast, Alaska and Canada.

The Badgers with their pep squad and band travelled to Hutto Thursday night for their second game of the season and trailed the Hutto High team by a score of 42-18.

### SCHOOL FUND —

Dick Young said "I think we have the finest group of new teachers since I have been in the school business."

The Equalization Board was voted \$1.25 per hour or \$10 per day for their work, whichever is found to be fair by the superintendent.

No more money will be collected from the student after this year for band instruction after the school board decided that the necessity for this practice, started by the band parents in other

years has now been made unnecessary by the large number of students.

President of the board appointed a committee to work with the city and county in conversion of grounds of the erstwhile amlieaoo grounds of the erstwhile Milam Liberal Institute into a playground.

The \$53,000 insurance policy held by the school in 1955 with the Emory Camp Insurance Agency to cover the policy of the defunct U.S. Trust and Guaranty was voted continued until the insurance of the school system is rearranged.

### CARD OF THANKS

We wish to express our deepest thanks and appreciation for the acts of kindness, messages of sympathy and beautiful floral offerings received from our kind neighbors and friends during the death of our beloved wife and mother Helena Kaatz. We especially thank the Rev. John Pietsch and ladies of the Hope Lutheran Church and Marek-Burns Funeral directors and pallbearers.

Aour kind deeds and thoughts will always be remembered.  
R. F. Kaatz family

### YOE PTA —

mittee and at a meeting, time and place to be set, will be called by Mrs. DuBois for some time in October. At this meeting a permanent organization will be perfected with nominating committees set to work and decisions on applying for admission to the State Parent-Teachers Organization will be made.

Other questions in the questionnaire put out at the preliminary meet included: "Will you" be a delegate to a one or two day meeting, lead singing, play the piano, head a program committee, head a phoning committee, head a refreshment committee, write reports of meetings or any other Parent Teacher News of interest and present to newspaper, type or address mail if needed.

The meeting was greeted by principal of Yoe High School and welcomed to the use of the school facilities. Superintendent Wiley Loughmiller said that he would give the organization his wholehearted support but reminded those present that he expects to continue to "take orders" from the School Board.

### CIVIC GARDEN

with Mrs. J. D. Moore and Mrs. John Ray as hostesses. This is the eighth year for the club, which became Federated in 1950.

Mrs. R. G. Grabien president, opened the meeting and presented the year book chairman and her assistants; Mrs. Edwin Adams, Mrs. Frank Schiller and Mrs. Leo Fuchs. "Plan and Plant Texas for Year Round Color", is the Theme for the year.

Mrs. Auttis Franklin acted as Moderator on the program for a panel discussion on what to plant in Cameron for year round color. Mrs. Roy Wright discussed bulbs; Mrs. G. A. McDermott Trees and Shrubs; Mrs. L. R. Wallace Perennials and Annuals.

Arrangements using flowers in

analogous color combination in a triangular design were furnished by Mrs. Leo Fuchs, Mrs. Frank Schiller and Mrs. W. R. Newton Sr. and were judged by the club. Mrs. Leo Fuchs will attend the State Garden Club Inc. Fall Board meeting in Midland on Oct. 3-4 as a voting delegate from the club. She will be accompanied by the club President Mrs. R. G. Grabien.

Go To Church On Sunday

## Pleasure-Profits Club Reactivates At Schiller Home

Mrs. E. J. Burkes was elected to lead the Pleasure and Profit Club of Cameron at its first meeting on Thursday, September 13 at the home of Mrs. Milton Schiller. Mrs. Don Humble, out-going vice-president, installed the new

officers of the club in an impressive candlelight ceremony.

Vice President for the new year is Mrs. Milton Schiller; Secretary-Treasurer, Mrs. Leo Jackson; Reporter-Historian, Mrs. C. M. Burke.

The light spread by each officer and member through greater knowledge in contributions to the programs. Mrs. Jimmie Asher, Chairman of the Program committee presented keys to each member having a program for the

coming year. "Pass Keys to Good Health" will be the theme for the programs.

## Funeral Services For Mrs. Dave Shepherd Held

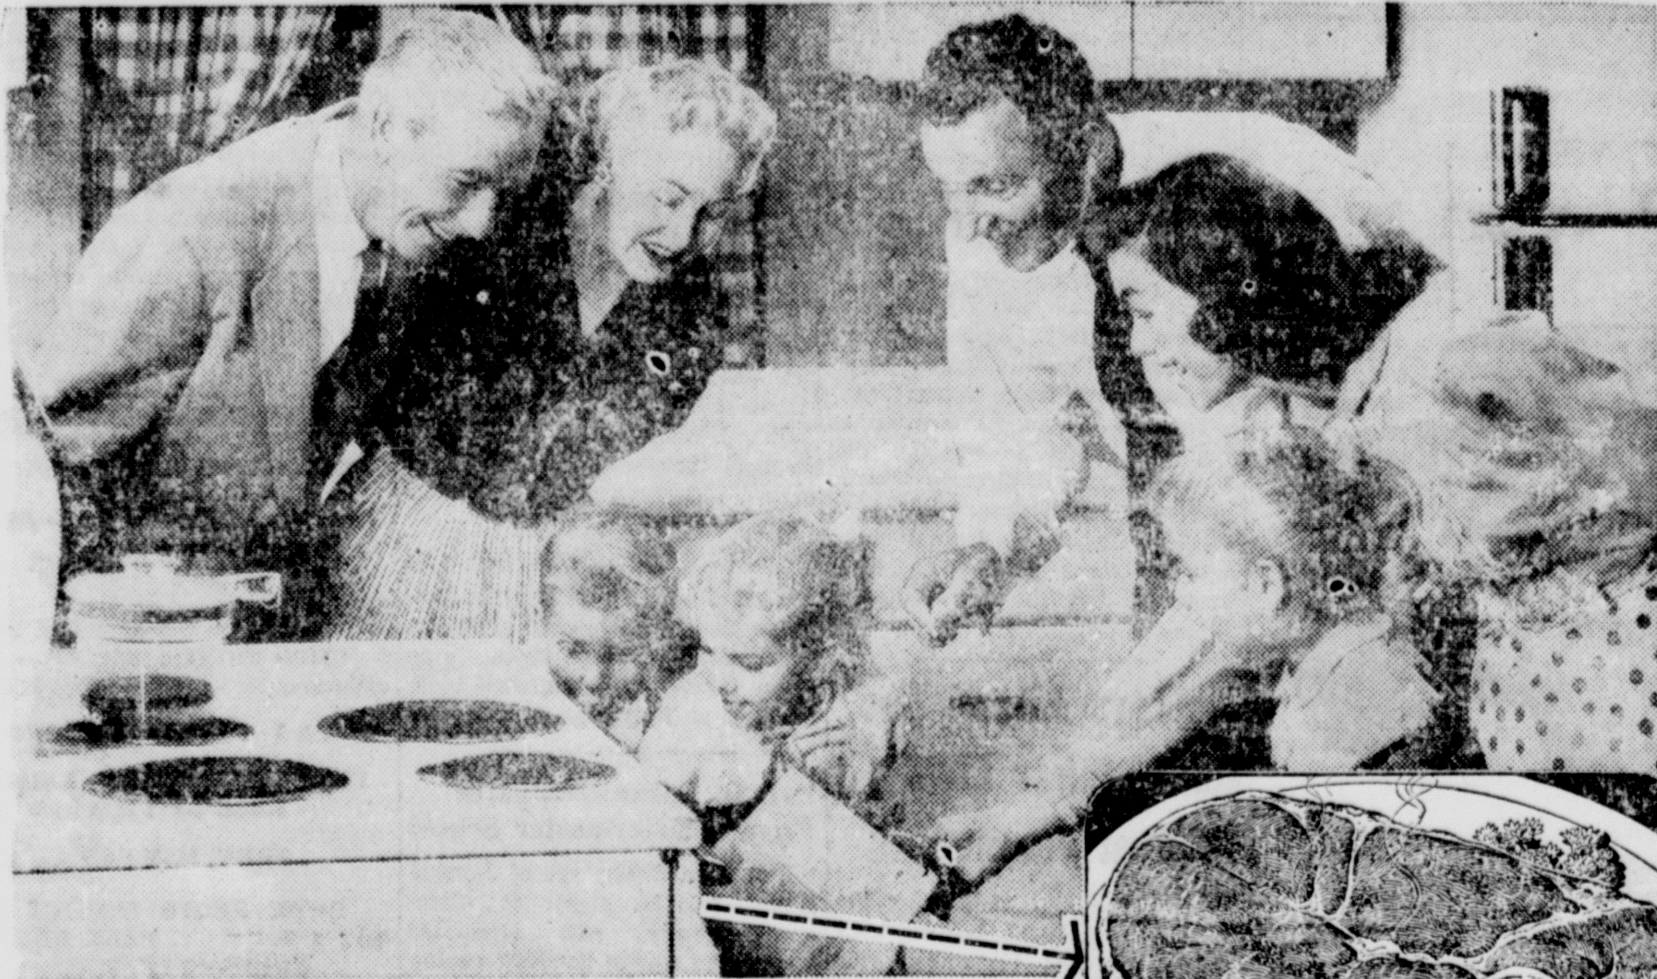

Funeral services were held from the Friendship Methodist church Friday at 3 p.m. for Mrs. Dave S. Shepherd, 84, who died Wednesday in a Belton Rest Home

Burial was in the Friendship cemetery. Marek-Burns Funeral Home of Cameron in charge.

Surviving are three sons, Willie of Lake City, Jesse of Holland and Raymond of Morenci, Arizona; eight daughters, Mrs. Joe R. Cummings of Davilla, Mrs. Minnie Holder of Buckholts, Mrs. Lizzie Jones of Planado, California, Mrs. Rachel Gilley of Godley Texas, Mrs. Nettie Holder of Liberty Hill, Mrs. Annie Belle Eavers of Grapevine, Mrs. D. S. Bowles of George

town and Miss Eula Shepherd of Buckholts; fifty one grandchildren and ninety one great grandchildren.

J. R. Dodson had a surprise visit from his three daughters this week. They were Mrs. Lee McCrummen of Thermopolis, Wyoming. Mrs. Grover Albert of Rosebud and Mrs. Johnnie Richards from Houston.

They just can't stay out of the kitchen when you're cooking...
